March 25th. 1990.

Dear Mr. Thompson,

Thank you for your letter/Order and cheque value 500 American Dollars of the 3rd. March 1990, calling for a specially built TANDEM FRAMESET.

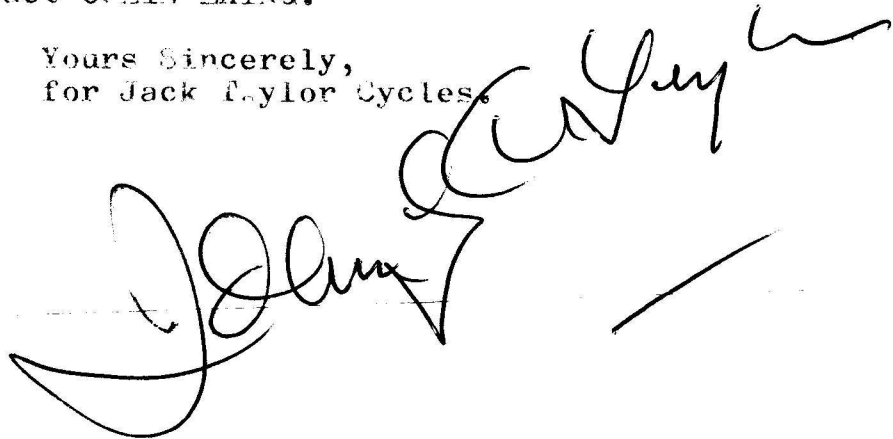

We regret that we are closing our business on 31st March 1990, and are to retire. We have sold off the property at the above address and all production ceased about three weeks ago.

We are at present dismantling all our machines and equipment etc. so no more Jack Taylor cycles or framesets will be made from now on.

We regret that we are having to return your cheque and order and can only recommend you to COLIN LAING CYCLES at Tucson, Arizona who used to work for us and understands our style of building etc.

Say hello to MARY QUINN for us, she is not far from NEW ORLEANS the home of JAZZ music. We have a lot of friends there and if she writes to us we will keep in touch with her. In the meantime BEST WISHES from us all and hope you are able to contact COLIN LAING.

Yours Sincerely,
for Jack Taylor Cycles.

ENCLOSURE. - CHEQUE 500 DOLLARS.
