## SINGLE WHEEL CYCLE TRAILER

by

*Jack*  
**TAYLOR**  
*Cycles*

This camping trailer is constructed with a perfected design. The wheel is suspended on expanders and fitted with a large section balloon tyre. The head tube operates on annular bearings with rubber shock absorbers. Coupling is by quick release wing nuts to forks from the rear cycle fork ends, and stays from the seat lug bolt. The equipment includes a light wooden platform, four brazed baggage strap eyes, strong alloy mudguard, alloy rear lamp and reflector with full length cable. Total weight only 11 lbs. maximum load 110 lbs.

PRICE ~~£25-19s. 6d.~~
